

I have been a financial supporter of K-LOVE radio for 5 or 6 years. K-Love provides an invaluable service to my community and many others. The positive and encouraging music and the fact that my children can listen and I do not have to be concerned about what they will hear is very important. I have the radio tuned to K-LOVE at home and in my car. I also know many people who listen to K-LOVE. K-LOVE provides an important service to my community as well as the other communities it serves. Please do not displace my or any other K-LOVE station with an LPFM. Thank you. Kelly
